Introduction

On December 23, 2004, President George W. Bush signed the Federal Employee Dental and Vision Benefits Enhancement Act of 2004 (Public Law 108-496). The law directed the Office of Personnel Management (OPM) to establish supplemental dental and vision benefit programs to be made available to Federal employees, annuitants, and their eligible family members. In response to the legislation, OPM established the Federal Employees Dental and Vision Insurance Program (FEDVIP). OPM has contracted with dental and vision insurers to offer an array of choices to Federal employees and annuitants. Section 715 of the National Defense Authorization Act for Fiscal Year 2017 (FY 2017 NDAA), Public Law 114-38, expanded FEDVIP eligibility to certain TRICARE-eligible individuals.

This brochure describes the benefits of The MetLife Federal Dental Plan under Metropolitan Life Insurance Company (MetLife) contract OPM02-FEDVIP-02AP-11 with OPM, as authorized by the FEDVIP law. The address for our administrative office is:

The MetLife Federal Dental Insurance Plan is responsible for the selection of In-Network providers in your area. Contact us at (888) 865-6854 TDD (888) 260-5376 for the names of participating providers or to request a provider directory. You may also view current In-Network providers via our web website at MetLife.com/FEDVIP-Dental. Continued participation of any specific provider cannot be guaranteed. Thus, you should make coverage decisions based on the plan benefits, not based on a specific provider. When you phone for an appointment, please remember to verify that the provider is currently in the MetLife network. If your provider is not currently participating in the provider network, you can ask him or her to join; or ask your dentist to visit www.metdental.com or call (877) MET-DDS9. Note this website and phone number are specifically for dentists and not accessible to employees/annuitants. You cannot change plans, outside of Open Season, because of changes to the provider network.

Provider networks may be more extensive in some areas than others. We cannot guarantee the availability of every specialty in all areas. If you require the services of a specialist and one is not available in your area, please contact us for assistance.

This MetLife Federal Dental Plan and all other FEDVIP plans are not a part of the Federal Employees Health Benefits (FEHB) Program.

How We Have Changed for 2022

High Option:

The High Option Plan Allowance for Out-of-Network services will be equal to the In-Network Plan Allowance for the covered service. This change will not impact the way orthodontia reimbursement is calculated; however, In-Network discounts are 10%-45% below community average charge and depending on the Out-of-Network providers charge your out-of-pocket liability can vary from prior experience for other procedures. As always, please proactively discuss both In and Out-of-Network healthcare cost with your provider before care is rendered so that your out-of-pocket costs are known and take advantage of the Pre-Treatment Estimate process for any procedure which is anticipated to cost at least \$300.

If you are currently enrolled in FEDVIP and do not want to change plans your enrollment will continue automatically. Please Note: your plan(s) premiums may change for 2022.

Note: You cannot enroll or change enrollment in a FEDVIP plan using the Health Benefits Election Form (SF 2809) or through an agency self-service system, such as Employee Express, PostalEase, EBIS, MyPay, or Employee Personal Page. However, those sites may provide a link to BENEFEDES.

*Position must be in a Federal agency that provides dental and/or vision coverage with 50 percent or more employer- paid premium.

The timeframe for requesting a QLE change is from 31 days before to 60 days after the event. There are two exceptions:

- There is no time limit for a change based on moving from a regional plan's service area and
- You cannot request a new enrollment based on a QLE before the QLE occurs, except for enrollment because of a loss of dental or vision insurance. You must make the change no later than 60 days after the event.

Generally, enrollments and enrollment changes made based on a QLE are effective on the first day of the pay period following the one in which BENEFEDS receives the enrollment or change. BENEFEDS will send you confirmation of your new coverage effective date.

Once you enroll in a plan, your 60-day window for that type of plan ends, even if 60 calendar days haven't yet elapsed. That means once you have enrolled in either a dental or a vision plan, you cannot change or cancel that particular enrollment until the next Open Season, unless you experience a QLE that allows such a change or cancellation.

Canceling an enrollment

You can cancel your enrollment only during the annual Open Season. An eligible family member's coverage also ends upon the effective date of the cancellation.

Your cancellation is effective at the end of the day before the date OPM sets as the Open Season effective date.

When Coverage Stops

Coverage ends for active and retired Federal, U.S. Postal employees, and TRICARE-eligible individuals when you:

- no longer meet the definition of an eligible employee, annuitant, or TRICARE-eligible individual;
- as a Retired Reservist you begin active duty;
- as sponsor or primary enrollee leaves active duty
- begin a period of non-pay status or pay that is insufficient to have your FEDVIP premiums withheld and you do not make direct premium payments to BENEFEDS;
- are making direct premium payments to BENEFEDS and you stop making the payments;

- cancel the enrollment during Open Season;
- a Retired Reservist begins active duty; or
- the sponsor or primary enrollee leaves active duty.

Coverage for a family member ends when:

- you as the enrollee lose coverage; or
- the family member no longer meets the definition of an eligible family member.

Note: Coverage ends for a covered individual when MetLife does not receive premium payment for that covered individual.

Continuation of Coverage

Under FEDVIP, there is no 31-day extension of coverage. The following are also NOT available under the FEDVIP plans

- Temporary Continuation of Coverage (TCC),
- spouse equity coverage, or
- right to convert to an individual policy (conversion policy).

However, we will pay benefits for a 31 day period after your insurance ends if before coverage ends the dentist:

- prepared the abutment teeth for the completion of installation of prosthetic devices;
- made an impression;
- prepared the tooth for cast restoration; or
- your dentist opened the pulp chamber before your insurance ends and the device is installed or treatment was finished within 31 days after the termination of coverage.

FSAFEDS/High Deductible Health Plans and FEDVIP

If you are planning to enroll in an FSAFEDS Health Care Flexible Spending Account (HCFA) or Limited Expense Health Care Flexible Spending Account (LEX HCFA), you should consider how coverage under a FEDVIP plan will affect your annual expenses, and thus the amount that you should allot to an FSAFEDS account. Please note that insurance premiums are not eligible expenses for either type of FSA.

If you have an HCFA or LEX HCFA FSAFEDS account and you haven't exhausted your funds by December 31st of the plan year, FSAFEDS can automatically carry over up to \$550 of unspent funds into another health care or limited expense account for the subsequent year. To be eligible for carryover, you must be employed by an agency that participates in FSAFEDS and actively making allotments from your pay through December 31. You must also actively reenroll in a health care or limited expense account during the NEXT Open Season to be carryover eligible. Your reenrollment must be for at least the minimum of \$100. If you do not reenroll, or if you are not employed by an agency that participates in FSAFEDS and actively making allotments from your pay through December 31st, your funds will not be carried over.

Because of the tax benefits an FSA provides, the IRS requires that you forfeit any money for which you did not incur an eligible expense and file a claim in the time period permitted. This is known as the "Use-it-or-Lose-it" rule. Carefully consider the amount you will elect.

For a health care or limited expense account, each participant must contribute a minimum of \$100 to a maximum of \$2,750.

Current FSAFEDS participants must re-enroll to participate next year. See www.fsafeds.com or call 1-877-FSAFEDS (372-3337) or TTY: 1-866-353-8058. **Note: FSAFEDS is not open to retired employees, or to TRICARE eligible individuals.**

If you enroll or are enrolled in a high deductible health plan with a health savings account (HSA) or health reimbursement arrangement (HRA), you can use your HSA or HRA to pay for qualified dental/vision costs not covered by your FEHB and FEDVIP plans.

Section 3 How You Obtain Care

Identification Cards / Enrollment Confirmation

When you enroll for the first time, you will receive a welcome letter along with an identification card ("ID Card"). It is important to bring your FEDVIP and FEHB ID card to every dental appointment because most FEHB plans offer some level of dental benefits separate from your FEDVIP coverage. Presenting both ID cards can ensure that you receive the maximum allowable benefit under each Program. If you require a replacement ID card, you will be able to view and print your ID card via MyBenefits after entering [MetLife.com/FEDVIP-Dental](https://www.MetLife.com/FEDVIP-Dental). An ID card is neither a guarantee of benefits nor does your provider need it to render dental services. Your dentist may call (877) 638-3379 to confirm your enrollment in the Plan and the benefits available to you.

If you were enrolled in the MetLife Federal Dental Plan in 2021 and continue coverage for 2022, MetLife will provide you with a confirmation letter only.

Where You Get Covered Care

You can obtain care from any licensed dentist in the United States or overseas.

Plan Providers

We list our Plan providers on our website at: [MetLife.com/FEDVIP-Dental](https://www.MetLife.com/FEDVIP-Dental) which we update weekly. When you make your appointment please inform the dental office you are enrolled in the FEDVIP plan and that you wish to use your In-Network benefits. This will also serve to confirm that the dentist is a MetLife provider. You may also contact customer service at (888) 865-6854.

In-Network

Care that you receive from a MetLife Preferred Dentist Program (PPO) provider is considered In-Network. Plan participants are not required to select a primary care dentist and are free to select the dentist of their choice. MetLife's PPO network consists of independently credentialed and contracted providers. To find a dentist in your area go to: [MetLife.com/FEDVIP-Dental](https://www.MetLife.com/FEDVIP-Dental). You may also contact customer service at (888) 865-6854.

Out-of-Network

Care that you receive from a licensed provider that does not participate in the MetLife Preferred Dentist Program (PPO) is considered Out-of-Network. You are responsible for any difference between the plan payment and the amount billed.

Emergency Services

All expenses for emergency services are payable as any other expense and are subject to plan limitations such as frequencies, deductibles, and maximums. If you utilize the services of an Out-of-Network dentist for emergency services, benefits will be paid under the Out-of-Network Plan provisions. You are responsible for the difference between the Plan payment and billed charges.

Plan Allowance

The plan allowance is the maximum amount we will consider for payment for a specific procedure. The actual benefit will be a specified percentage of the plan allowance. When you use a participating (in-network) provider, your out-of-pocket cost is limited to the difference between the plan allowance and our payment. When you use services provided by a provider that does not participate in our network of providers, they are considered out-of-network services.

The Plan Allowance for Out-of-Network services will be equal to the In-Network Plan Allowance for the covered service (see page 52 for further details). When you use an Out-of-Network provider, you are responsible for the difference between the Plan Allowance and our payment plus the difference between the amount the provider bills and the Plan Allowance. Out-of-Network providers may charge their normal fees which may be greater than the Plan Allowance.

The Plan Allowance may vary by geographic location and/or a participating provider's contracted fee schedule.

Pre-Treatment Estimate A pre-treatment estimate of benefits is recommended for any procedure which is anticipated to cost at least \$300 or which involves mandatory consultant review. Mandatory consultant review applies to services such as but not limited to, periodontal services, crowns, bridges, inlays/onlays (when performed together) veneers, implants (when a plan provides benefits for these procedures) and overdentures, among other services. When your dentist suggests treatment, have him or her send a claim form, along with the proposed treatment plan and supporting documentation to MetLife. An explanation of benefits (EOB) will be sent to you and the dentist detailing an estimate of what services MetLife will cover and at what payment level. Actual payments may vary from the pre-treatment estimate depending upon annual maximums, deductibles, plan frequency limits and other plan provisions at time of payment.

Alternate Benefit Alternate benefits applicable to your treatment plan will be determined during Pre-certification. However, should the services billed differ from those pre-certified, MetLife reserves the right to determine if an Alternate Benefit is applicable to the actual services rendered.

If MetLife determines that a less costly covered service other than the covered service the dentist performed could have been performed to treat a dental condition we will pay benefits based upon the less costly service if such service would produce a professionally acceptable result under generally accepted dental standards

For example, when an amalgam filling and a composite filling are both professionally acceptable methods for filling a molar, or when a partial denture and fixed bridgework are both professionally acceptable methods for replacing multiple missing teeth in an arch we may base our benefit determination upon the amalgam filling or partial denture which is the less costly service.

If we pay benefits based upon a less costly service in accordance with this section the Dentist may charge you or your dependent for the difference between the service that was performed and the less costly service. This is the case even if the service is performed by an In-Network dentist.

Dental Review MetLife's claim review is conducted by licensed dentist consultants who review the clinical documentation submitted by your treating dentist. These dentist consultants review this material checking for dental necessity for certain procedures such as crowns, bridges, onlays, implants, periodontal treatments, as well as other services. The dentist consultants may also recommend that an alternate benefit be applied to a service in accordance with the terms of the plan. Therefore, we strongly recommend that you or your dentist request a pre-treatment estimate for services that are expected to cost at least \$300, so that, you and your dentist are aware of the coverage terms and benefits before services are performed.

FEHB First Payor If you have dental coverage through your FEHB plan and coverage under FEDVIP, your FEHB plan will be the first payor of any benefit payments. When services are rendered by a provider, who participates with both your FEHB and your FEDVIP plan, the FEDVIP Plan Allowance will prevail. We are responsible for facilitating the process with the primary FEHB payor. You are responsible for the difference if any between the FEHB and FEDVIP benefit payments and the FEDVIP Plan Allowance subject to any deductibles and benefits maximums. See examples 1 and 2 below.

It is important to bring your FEDVIP and FEHB identification cards to every dental appointment because most FEHB plans offer some level of dental benefits separate from your FEDVIP coverage. Presenting both identification cards can ensure that you receive the maximum allowable benefit under each Program.

Example 1: High Option coverage when services are provided by an In-Network provider.

When the covered individual has FEHB coverage that offers dental benefits, FEHB is always First Payor.

Services are provided by an In-Network Provider

Provider submitted charge for a one surface amalgam filling*: \$108.00

In-Network fee: \$60.00

FEHB paid as first-payor (or MetLife's estimate): \$16.00

MetLife benefits payable in the absence of FEHB coverage: \$42.00 (\$60.00 at 70%).

Payment by MetLife: \$42.00

Patient's responsibility to the provider: \$2.00 (\$60.00-\$16.00-\$42.00=\$2.00).

*This example assumes all deductibles have been met and annual maximums have not been reached.

Example 2: High Option coverage when services are provided by an Out-of-Network provider.

When the covered individual has FEHB coverage that offers dental benefits, FEHB is always First Payor.

Services are provided by an Out-of-Network Provider

Provider submitted charge for one surface amalgam filling*: \$108.00

Plan Allowance**: \$90.00

FEHB payment as first payor (or MetLife's estimate): \$16.00

MetLife benefits payable in the absence of FEHB coverage: \$54.00 (\$90.00 x 60%).

Payment by MetLife**: \$54.00

Patient's responsibility to the provider**: \$38.00 (\$108.00-\$16.00-\$54.00=\$38.00)

*This example assumes all deductibles have been met and annual maximums have not been reached.

**Assumes the provider charge is higher than MetLife's plan allowance. The plan allowance may vary by geographic location and/or a participating provider's contracted fee schedule.

Coordination of Benefits

If you are covered under a non-FEHB plan, your MetLife Federal Dental benefits will be coordinated using traditional COB provisions for determining payment. Please see examples 1 and 2 below.

When benefits are coordinated between MetLife and a non-FEHB carrier, the maximum allowable charge may vary depending upon the contractual relationship and contracted fee between MetLife and non-FEHB carrier. The participant may be responsible for the difference between the combined non-FEHB and MetLife benefit payment and the providers' allowable charge.

Example 1: Coordination of Benefits with High Option coverage when services are performed by an In-Network provider.

When MetLife is secondary to a non-FEHB dental carrier.

Services are provided by an In-Network Provider

Provider submitted charge for two surface amalgam filling: \$121.00

In-Network Fee: \$73.00

Payable by Primary Carrier: \$60.50

MetLife benefits payable in the absences of other insurance*: \$51.10 (\$73.00 at 70%)

Payment by MetLife: \$12.50

Patient's responsibility to the provider **: \$0 (\$73.00 - \$60.50 - \$12.50 = \$0.00)

*This example assumes all deductibles have been met and annual maximums have not been reached.

** Assumes the provider has no other contractual relationship regarding negotiated fees with the primary carrier.

Example 2: Coordination of Benefits with High Option coverage where services are provided by an Out-of-Network provider.

When MetLife is secondary to a non-FEHB carrier

Services are provided by an Out-of-Network Provider

Provider submitted charge for 2 surface amalgam fillings: \$113.00

Plan Allowance** \$113.00:

Payment of Primary Carrier: \$96.80

MetLife benefits payable in the absence of other insurance*: \$67.80 (\$113.00 x 60%)

Payment by MetLife: \$16.20

Patient's responsibility to the provider **: \$0 (\$113.00 - \$96.80 - \$16.20 = \$0)

*This example assumes all deductibles have been met and annual maximums have not been reached.

**Assumes the provider charge is within MetLife's plan allowance. The plan allowance may vary by geographic location and/or a participating provider's contracted fee schedule.

Right of Recovery

If the amount we pay is more than we should have paid under the First Payor provision or when benefits are coordinated we may recover the excess from one or more of:

- the person we have paid;
- insurance companies; or
- other organizations.

The amount of the payment includes the reasonable cash value of any benefits provided in the form of services. However, in no circumstance will the member be responsible for a greater out of pocket amount than he/she would have been responsible for had there been no overpayment.

Rating Areas

Your rates are determined based on where you live. This is called a rating area. If you move, you must update your address through BENEFEDS. Your rates might change because of the move. Your rates will not be impacted if you temporarily reside at another location

Limited Access Area

If you live in a limited access area and you receive covered services from an Out-of-Network provider, we will pay benefits based on our In-Network Plan Allowances. The determination of network adequacy is based on a ratio of Federal eligibles to network and general dentistry providers in a particular area. To determine if you are in a limited access area or specialty services are needed, please contact MetLife at (888) 865-6854 or TDD (888) 260-5376. MetLife reviews the limited access areas quarterly to ensure you have adequate access to our general dentistry In-Network providers. Therefore, we recommend you call (888) 865-6854 to confirm if you are still in a limited access area as your claim payment may be impacted. The limited access rule applies to general dentistry providers and specialty services. If the services must be provided by a specialist and one is not available in your area, please call us for assistance. If an In-Network provider (general or specialist) can perform a specialty service, then that service will be covered at the In-Network benefit. Please contact MetLife at (888) 865-6854 or visit our website at MetLife.com/FEDVIP-Dental to obtain a list of In-Network general dentists in your area, who may be able to perform specialty services.

Claim Determination Period

A period that starts on any January 1 and ends on the next December 31. A claim determination period for any covered person will not include the periods of time during which that person is not covered under this Plan.

Should you experience a lapse in coverage during the calendar year, any benefits paid after reinstatement will be accrued to the maximums applicable to that same calendar year.

Example 3: High Option coverage when services are performed by an Out-of-Network provider.

When the covered individual has FEHB coverage that offers dental benefits. FEHB is always First Payor.

Services are provided by an Out-of-Network Provider.

Provider submitted charge for one surface amalgam filling: \$108.00

Plan Allowance**: \$90.00

FEHB payment as first payor (or MetLife's estimate): \$16.00.

MetLife benefits payable in the absence of FEHB coverage: \$54.00 (\$90.00 at 60%).

Payment by MetLife*: \$54.00

Patient's responsibility to provider: \$38.00 (\$108.00-\$16.00-\$54.00=\$38.00)

*This example assumes all deductibles have been met and annual maximums have not been reached.

**Assumes the providers charge is higher than MetLife's plan allowance. The plan allowance may vary by geographic location and/or a participating provider's contracted fee schedule/

Section 4 Your Cost For Covered Services

This is what you will pay out-of-pocket for covered services:

Deductible

A deductible is a fixed amount of expenses you must incur for certain covered services and supplies before we will pay for covered services. There is no family deductible limit. Covered charges credited to the deductible are also counted towards the Plan maximum and limitations.

Annual Benefit Maximum	<p>Once you reach this amount, you are responsible for all additional charges. The Annual Benefit Maximums within each option are combined between In and Out-of-Network services. The total Annual Benefit Maximum will never be greater than the In-Network Annual Benefit Maximum.</p> <p>Annual Benefits Maximum In-Network High Option: Unlimited In-Network Standard Option: \$1,500 Out-of-Network High Option: Unlimited Out-of-Network Standard Option: \$1,000</p>
Orthodontia Lifetime Benefit Maximum	<p>The Orthodontia Lifetime Benefit Maximum is applicable to Orthodontia benefits only. There are no other lifetime maximums under this Plan.</p> <p>Lifetime Orthodontia Maximum In-Network High Option: \$5,000 (child)/ \$3,000 (adult) In-Network Standard Option: \$2,000 Out-of-Network High Option: \$5,000 (child)/ \$3,000 (adult) Out-of-Network Standard Option: \$2,000</p>
In-Network Services	<p>Care that you receive from a MetLife Preferred Dentist Program (PPO) provider is considered In-Network. Plan participants are not required to select a primary care dentist and are free to select the dentist of their choice. No referral process is needed for access to specialty care. In most cases, use of In-Network providers results in a lower out-of-pocket expense to you.</p> <p>If you reside in a limited access area your benefits will be paid at the In-Network benefit level. For additional information on limited access areas, please see Section 3, How You Obtain Care.</p> <p>Remember, for In-Network services you only pay the difference between the Plan Allowance for the covered service and the plan's benefit payment subject to any deductibles and benefits maximums.</p>
Out-of-Network Services	<p>All services rendered by an Out-of-Network dentist will be paid as Out-of-Network benefits, except for limited access benefits.</p> <p>The plan allowance for Out-of-Network services will be equal to the In-Network Plan Allowance for the covered service. The Out-of-Network Plan Allowance may vary by geographic location and/or a participating provider's contracted fee schedule.</p> <p>When you use an Out-of-Network provider, you are responsible for the difference between the Plan Allowance and our payment plus the difference between the amount the provider bills and the Plan Allowance.</p>
Calendar Year	<p>The calendar year refers to the plan year, which is defined as January 1, 2022 to December 31, 2022.</p>
Prorated Orthodontia Benefits	<p>If orthodontia services are initiated prior to the effective date of coverage, we will prorate benefits. Twenty-five percent (25%) of the Plan Allowance is considered as the fee for initial placement of the appliance. Because this occurred prior to the effective date of coverage, it is considered a non-covered expense. The balance of the Plan Allowance, 75%, will be divided by the total number of monthly visits provided in the orthodontist's treatment plan. Benefits are payable at 50% of the Plan Allowance.</p>
<ul style="list-style-type: none"> • Standard Option Benefits 	<p>Actual Fee: \$6,400</p>

Total Plan Allowance for covered visits: \$2,000, \$200 x 10 covered visits

Total Plan Payment: \$1,400, Benefit is 70% of Plan Allowance for covered orthodontia services

In-Progress Treatment

In-progress treatment for dependents of retiring active duty service members who were enrolled in the TRICARE Dental Program (TDP) will be covered for the 2022 plan year, regardless of any current plan exclusion for care initiated prior to the enrollee's effective date

This requirement includes assumption of payments for covered orthodontia services up to the FEDVIP policy limits, and full payment where applicable up to the terms of FEDVIP policy for covered services completed (but not initiated) in the 2022 plan year such as crowns and implants.

FEDVIP carriers will not cover in-progress treatment if you enroll in a FEDVIP plan that has a waiting period, or does not cover the service. Several FEDVIP dental plans have options that offer orthodontia coverage without a 12-month waiting period, and without age limits. Note - There are no waiting periods for any benefits on this plan.

Section 5 Dental Services and Supplies

Class A Basic

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are necessary for the prevention, diagnosis, care, or treatment of a covered condition and meet generally accepted dental protocols.
- The calendar year deductible is \$0, if you use an In- Network- provider. There is no family deductible. If you elect to use an Out-of-Network provider, the Standard Option contains a \$100 deductible per person, and the High Option has a \$50 deductible per person. Neither Option contains a family deductible, each enrolled covered person must satisfy their own deductible. The calendar year deductible may apply to Type A expenses provided by an Out-of-Network provider.
- The Annual Benefit Maximum in the High Option for non-orthodontia services is unlimited, combined, for both In-Network and Out-of-Network services. The Standard Option Annual Benefit Maximum for non-orthodontia services is \$1,500 for In-Network services and \$1,000 for Out-of-Network services. In no instance will MetLife allow more than \$1,500 in combined benefits under the Standard Option in any plan year.
- All exams, oral evaluations and treatments such as fluorides and some images are combined under one limitation under the plan. Complete set of radiographic images (D0210) and /or panoramic radiographic image (D0330) are combined and limited to one every 60 months. Periodic oral exam, (D0120) Oral evaluations (D0140, D0145), and Comprehensive oral exam (D0150, D0180) are combined and limited to one exam in every 6 months from the date services were last rendered. For example, if you have a periodic oral evaluation and a limited oral examination both services are combined, so that, not more than the maximum allowable benefits and limitations are applied. There must be a six month separation between services, even when the separation of services duration enters a new plan year.
- All services requiring more than one visit are payable once all visits are completed.
- The following list of services includes those services most commonly provided to covered individuals. It is not an all-inclusive list of covered services. MetLife will provide benefits for ADA codes not included in the following list, subject to the exclusions and limitations shown in this section and Section 7.

You Pay (subject to any deductibles, plan limitations and maximums):

- **Standard Option**
- **In-Network: Preventive and Diagnostic Services -** Nothing.

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are necessary for the major restorative care or treatment of a covered condition and meet generally accepted dental protocols.
- All major prosthodontic services are combined under one replacement limitation under the plan. Benefits for prosthodontic services are combined and limited to one every 60 months. For example, if benefits for a partial denture are paid, this includes benefits to replace all missing teeth in the arch. No additional benefits for the arch would be considered until the 60 month replacement limit was met.
- Interim prosthodontic, if not replaced within 12 months, are then considered permanent and are subject to the replacement limitation under the plan of 1 every 60 months.
- The calendar year deductible is \$0 if you use an In-Network provider. Should you elect to use an Out-of-Network provider the Standard Option contains a \$100 deductible per covered person, and the High Option has a \$50 deductible per covered person. Neither Option contains a family deductible, each enrolled covered person must satisfy their own deductible.
- The Annual Benefit Maximum in the High Option for non-orthodontia services is unlimited, combined for both In-Network and Out-of-Network services. The Standard Option Annual Benefit Maximum for non-orthodontia services is \$1,500 for In-Network services and \$1,000 for Out-of-Network services. In no instance will MetLife allow more than \$1,500 of combined benefits under the Standard Option in any plan year.
- A number of the services listed in this section may be subject to Dental Review or an Alternate Benefit may be paid. MetLife recommends receiving a pre-treatment estimate **prior** to receiving services so you and your dental provider are aware of the coverage terms and benefits.
- All services requiring more than one visit are payable once all visits are completed.
- The following list of services includes those services most commonly provided to covered individuals. It is not an all-inclusive list of covered services. MetLife will provide benefits for ADA codes not included in the following list, subject to the exclusions and limitations shown in this section and Section 7.
- In-progress treatment for dependents of retiring TDP enrollees will be covered for the 2022 plan year. This is regardless of any current plan exclusions for care initiated prior to the enrollee's effective date.

You Pay(subject to any deductibles, plan limitations and maximums):

- **High Option**
- **In-Network:** 50% of the Plan Allowance
- **Out-of-Network:** 60% of the Plan Allowance plus any amount above the Plan Allowance billed by the provider.
- **Standard Option**
- **In-Network:** 65% of the Plan Allowance
- **Out-of-Network:** 80% of the Plan Allowance plus any amount above the Plan Allowance billed by the provider.

Major Restorative Services

Note: When dental services that are subject to a frequency limitation were performed prior to your effective date of coverage the date of the prior service may be counted toward the time, frequency limitations and/ or replacement limitations under this dental insurance. (For example, even if a crown, partial bridge, etc. was not placed while covered under MetLife, or paid by MetLife, the frequency limitations may apply).

General Services

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are necessary for the prevention, diagnosis, minor restorative care or treatment of a covered condition and meet generally accepted dental protocols.
- The calendar year deductible is \$0 if you use an In-Network provider. Should you elect to use an Out-of-Network provider the Standard Option contains a \$100 deductible per covered person, and the High Option has a \$50 deductible per covered person. Neither Option contains a family deductible; each enrolled covered person must satisfy his or her own deductible.
- The Annual Benefit Maximum in the High Option for non-orthodontia services is unlimited, combined, for both In-Network and Out-of-Network services. The Standard Option Annual Benefit Maximum for non-orthodontia services is \$1,500 for In-Network services and \$1,000 for Out-of-Network services. In no instance will MetLife allow more than \$1,500 in combined benefits under the Standard Option in any plan year.
- The following list of services includes those services most commonly provided to covered individuals. It is not an all-inclusive list of covered services. MetLife will provide benefits for ADA codes not included in the following list, subject to the exclusions and limitations shown in this section and Section 7.

Section 8 Claims Filing and Disputed Claims Processes

How to File a Claim for Covered Services

To avoid delay in the payment of your claims please have your dentist submit your claims directly to MetLife for payment.

MetLife's dental providers may submit their claims directly to MetLife by accessing MetDental.com where we provide them with real-time results. However, should you wish to send in a paper claim you may download a claim form from the website MetLife.com/FEDVIP-Dental

Mail completed claim form to:

MetLife Dental Claims
P.O. Box 981282
El Paso, TX 79998-1282

When a claimant files a claim for dental insurance benefits described in this brochure, both the notice of claim and the required Proof should be sent to us within 90 days of the date of a loss. If notice of claim or proof is not given within the time limits described in this section, the delay will not cause a claim to be denied or reduced if such notice and Proof are given as soon as is reasonably possible

Deadline for Filing Your Claim

You must submit your claim to us within 13 months following the delivery of the services in order for them to be considered for Plan benefits.

Disputed Claims Process

Follow this disputed claims process if you disagree with our decision on your claim or request for services. **FEDVIP legislation does not provide a role for OPM to review disputed claims.**

Step 1:

Ask us in writing to reconsider our initial decision. You must include any pertinent information omitted from the initial claim filing and mail your additional proof to us within 180 days from the date of receipt of our decision.

Step 2:

Send your request for reconsideration to:

MetLife Dental Claims Appeals

P.O. Box 14589

Lexington, KY 40512

We will review your request and provide you with a written or electronic explanation of benefit determination within 30 days of the receipt of your request.

Step 3:

If you disagree with the decision regarding your request for reconsideration, you may request a second review of the denial. You must submit your request to us in writing to the address shown above along with any additional information you or your dentist can provide to substantiate your claim so that we can reconsider our decision. Failure to do so will disqualify the appeal of your claim.

Step 4:

If you do not agree with our final decision, under certain circumstances you may request an independent third party, mutually agreed upon by MetLife and OPM, review the decision. To qualify for this independent third party review the charge for the procedure in question must be in excess of \$300 and the reason for denial must be based on our determination that the rationale for the procedure did not meet our dental necessity criteria or our administration of the plans Alternate Benefit provision, for example, a bridge being given an alternate benefit of a partial denture.

The decision of the independent third party is binding and is the final review of your claim. This decision is not subject to judicial review.

If the matter is not eligible for this third level of review, the second level of review is binding and is the final remedy available to you. This decision is not subject to judicial review.

Initial Determination

MetLife will review your claim and notify you of its decision to approve or deny your claim. Such notification will be provided to you within a 30-day period from the date you submitted your claim; except for situations requiring an extension of time of up to 15 days because of matters beyond the control of the Plan. If MetLife needs such an extension, MetLife will notify you prior to the expiration of the initial 30 day period, state the reason why the extension is needed, and state when it will make its determination. If an extension is needed because you did not provide sufficient information or filed an incomplete claim, the time from the date of MetLife's notice requesting further information and an extension until MetLife receives the requested information does not count toward the time period MetLife is allowed to notify you as to its claim decision. You will have 45 days to provide the requested information from the date you receive the notice requesting further information from MetLife.

If MetLife denies your claim in whole or in part, the notification of the claims decision will state the reason why your claim was denied and reference the specific Plan provision (s) on which the denial is based. If the claim is denied because MetLife did not receive sufficient information, the claims decision will describe the additional information needed and explain why such information is needed. Further, if an internal rule, protocol, guideline or other criterion was relied upon in making the denial, the claims decision will state the rule, protocol, guideline or other criteria or indicate that such rule, protocol, guideline or other criteria was relied upon and that you may request a copy free of charge.

Overpayments

We have the right to recover any amount that we determine to be an overpayment, whether for services received by you or your dependents.

An overpayment occurs if we determine that:

- the total amount paid by us on a claim for dental benefits is more than the total of the benefits due to you under this brochure; or
- payment we made should have been made by another group plan

If such overpayment occurs, you have an obligation to reimburse us.

Recovery of Dental Insurance Overpayments

We may recover the overpayment from you by: stopping or reducing any future benefits payable under the MetLife Federal Dental Plan; demanding an immediate refund of the overpayment from you; and/or taking legal action.

We may recover such overpayment in accordance with that agreement. If the overpayment results from MetLife having made a payment to you that should have been made under another group plan, we may recover such overpayment from one or more of the following:

- any other insurance company;
- any other organization; or
- from you.

If such payment occurs, you have an obligation to reimburse us any monies you have received over and above what your normal out of pocket would have been had the overpayment not occurred.

Section 9 Definitions of Terms We Use in This Brochure

Alternate Benefit	If we determine a service less costly than the one performed by your dentist could have been performed by your dentist, we will pay benefits based upon the less costly services. See Section 3 How You Obtain Care for a definition of alternate benefit.
Annual Benefit Maximum	The maximum annual benefit that you can receive per person.
Annuitants	Federal retirees (who retired on an immediate annuity), and survivors (of those who retired on an immediate annuity or died in service) receiving an annuity. This also includes those receiving compensation from the Department of Labor's Office of Workers' Compensation Programs, who are called compensationers. Annuitants are sometimes called retirees.
BENEFEDS	The enrollment and premium administration system for FEDVIP.
Benefits	Covered services or payment for covered services to which enrollees and covered family members are entitled to the extent provided by this brochure.
Calendar Year	From January 1, 2022 through December 31, 2022. Also referred to as the Plan year.
Class A Services	Basic services, which include oral examinations, prophylaxis, diagnostic evaluations, sealants and x-rays.
Class B Services	Intermediate services, which include restorative procedures such as fillings, prefabricated stainless steel crowns, periodontal scaling, tooth extractions, and denture adjustments.
Class C Services	Major services, which include endodontic services such as root canals, periodontal services such as gingivectomy, major restorative services such as crowns, oral surgery, bridges and prosthodontic services such as complete dentures.

Enrollee	The Federal employee, annuitant, or TRICARE-eligible individual enrolled in this Plan.

Generally Accepted Dental Protocols	Dental Necessity means that a dental service or treatment is performed in accordance with generally accepted dental standards, as determined from multiple sources including but not limited to relevant clinical dental research from various research organizations including dental schools, current recognized dental school standard of care curriculums and organized dental groups including the American Dental Association, which is necessary to treat decay, disease or injury of teeth, or essential for the care of teeth and supporting tissues of the teeth.
Plan	The MetLife Federal Dental Plan
Plan Allowance	The plan allowance is the maximum amount we will consider for payment for a specific procedure. The actual benefit will be a specified percentage of the plan allowance. When you use a participating (in-network) provider, your out-of-pocket cost is limited to the difference between the plan allowance and our payment. When you use services provided by a provider that does not participate in our network of providers, they are considered out-of-network services.

The Plan Allowance for Out-of-Network services will be equal to the In-Network Plan Allowance for the covered service (see page 52 for further details). When you use an Out-of-Network provider, you are responsible for the difference between the Plan Allowance and our payment plus the difference between the amount the provider bills and the Plan Allowance. Out-of-network providers may charge their normal fees which may be greater than the Plan Allowance.

The plan allowance may vary by geographic location and/or a participating provider's contracted fee schedule.

All benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are necessary for the prevention, diagnosis, care, or treatment of a covered condition and meet generally accepted dental protocols.

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Dental and Vision Insurance Program premium.

Protect Yourself From Fraud – Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the telephone or to people you do not know, except to your providers, the MetLife Federal Dental Plan, BENEFEDS, or OPM.
- Let only the appropriate providers review your clinical record or recommend services.
- Avoid using providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review your explanation of benefits (EOBs) statements.
- Do not ask your provider to make false entries on certificates, bills or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, call us at (888) 865-6854 and explain the situation, you will be required to state your complaint in writing to us.
- Do not maintain as a family member on your policy:
 - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise); or
 - Your child over the dependent limiting age.

If you have any questions about the eligibility of a dependent, please contact BENEFEDS.

Be sure to review Section 1, Eligibility, of this brochure prior to submitting your enrollment or obtaining benefits.

Fraud or intentional misrepresentation of material fact is prohibited under the plan. You can be prosecuted for fraud and your agency may take action against you if you falsify a claim to obtain FEDVIP benefits or try to obtain services for someone who is not an eligible family member or who is no longer enrolled in the plan, or enroll in the plan when you are no longer eligible.
